

Internet Safety - NetSmartz

(A state funded program for use in Utah Schools)

**Friday Sept. 7
Council Room at Lehi City Hall
7 p.m.
Refreshments**

“Through our partnership with the Attorney General's office, we are able to provide these Internet safety resources to Utah schools, community groups and organizations at no cost.”

NetSmartz uses 3-D animation to create characters for their presentations for K-2 and 3-6.

Real life vital information is presented for Middle School and High School. Issues addressed are: Online Predators, Cyber Bullying, and Social Networking websites (My Space).

“I look forward to working with you to effectively teach kids how to avoid online predators and navigate the internet safely.” Rory Williams
NetSmartz Outreach Director www.UtahNetSmartz.org
